CONFIDENTIAL

1. The first part of the report is a general description of the project and its objectives. It includes a brief history of the project and a statement of the problem to be solved. The second part of the report is a detailed description of the methodology used in the study. This includes a description of the data collection methods, the statistical methods used to analyze the data, and the results of the analysis. The third part of the report is a discussion of the results of the study and their implications. This includes a comparison of the results with previous studies and a discussion of the limitations of the study. The final part of the report is a conclusion and a list of references.

DISCERNENDA

PHRASES AND IDIOMS IN LATIN

est*.
to shut the stable door when the horse has been stolen,
clipeum post vulnera sumis.
let the cobbler stick to his last, *ne sutor supra crepidam*.
